Water Park Wonders

Take a step into their water world and feel like a child again. **Delhi's biggest water park** features seven enormous pools to suit every disposition. Begin your day lazing along the lazy river, where soft currents propel you through. Or, you can dive into the wave pool for a bit of ocean-style surfing, sans salty tresses.

For adventure-lovers, the sheer 70-foot high waterfall is a real thrill. The slides are no less daunting. Steep inclines, hairpin turns, and splashes great enough to get your juices flowing. And when you're in the mood to boogie, the Boogie Woogie rain-dance site with its live DJ is your challenge to party in the water. You could happily spend the day in this site alone, but only one-third of your fun awaits you.

Amusement Park Magic

After you've had enough water slides, visit the Amusement Park. It's a tribute to old-style carnivals, but with rides that bring a contemporary wallop. You've got a huge wheel with bird's-eye views, a roller coaster for a shot of adrenaline, and swing chairs where you'll feel you are soaring through the air.

You won't want to miss a free-fall ride for a stomach-dropping plummet, either, as well as old favorites such as bumper cars and merry-go-rounds for sheer, old-fashioned fun. Kids are taken care of with a mini-train, helicopter rides, and even an Octopus Ride, whirling them into convulsions of laughter. The Amusement Park makes certain people of any age leave with their hearts a little bit fuller and their faces a little bit achier from grinning.

Adventure Zone Thrills

Test your courage on a 50-foot rock climbing wall; fly across the park on a zip line, or on the dangerous Burma Bridge in the air. Adventure lovers may try a go-kart for a great racing experience. They can also explore the Horror House, a favorite because it has fright jump scares.

Rifle shooting, archery, and all manner of gaming activities are also present, which keep competition levels high. The Adventure Zone shows that Jurasik Park Inn is not all splashes and slides but a playground of all types of excitement.

When You Are Searching for "Water Parks near Me"

New Delhi and surrounding cities have many parks, but no park stands out against the rest quite as much as Jurasik Park Inn. While Adventure Island and Worlds of Wonder are well-liked favorites, only this park's blend of dinosaur theming, huge water fun, and adventure stuff makes it different from the crowd.

Instead of having to choose between a [theme park in Delhi NCR](#) and a **water park in Delhi NCR**, you get both worlds, with a dollop of prehistoric narration for good measure. You are free to spend the entire day here without ever feeling you've run out of things to do.

Food To Keep You Moving

Then you can move to satisfying snacks such as paneer tikka and manchurian for a more filling meal.

If you are in the mood for something a bit more elegant, enter the park's airplane-themed upscale dining restaurant in Terminal C. It is a very different scene from the busy food court, an ideal place for relaxing after a busy morning of action or for a private party.
