The West Indies squad boasts a balanced mix of explosive batsmen and world-class bowlers. Players like **Shai Hope**, **Nicholas Pooran**, and **Roston Chase** bring stability and flair to the batting lineup, while pacers such as **Alzarri Joseph** and spinners like **Akeal Hosein** provide the variety needed to unsettle top Indian batsmen. Sammy's strategy will likely focus on aggressive bowling upfront, building pressure in the middle overs, and allowing his power hitters to capitalize in the death overs.

One of Sammy's key points is mental preparedness. He emphasizes that playing India requires a calm and calculated approach, as lapses in concentration can quickly shift momentum. Drawing inspiration from New Zealand's recent series sweep, Sammy wants his players to focus on discipline, team coordination, and seizing crucial moments.

His belief in the squad's ability to aim for a 3-0 series win reflects not just optimism but also an understanding of the team's capabilities.
