A Design That Never Goes Out of Style

The first thing people notice about the **Richardson 112 Trucker Hat** is its classic, clean silhouette. The hat features a structured six-panel build paired with a mid-profile height,

The **cotton-poly twill front panels** provide durability and structure, helping the hat keep its shape even after repeated wear. The **mesh back** enhances airflow, allowing heat and moisture to escape — a feature especially appreciated during hot summer days, long work shifts, or outdoor adventures.

The **pre-curved visor** helps shield your eyes from the sun, while the **adjustable snapback closure** ensures a personalized, comfortable fit. Whether you wear it loosely or snug, the Richardson 112 adapts to your preference with ease.
