

# Top 5 Batsmen Who Scored Most Runs in 2025 in Test Cricket

Test cricket in 2025 witnessed some outstanding batting performances, with several top-order batters dominating bowling attacks across conditions. The year stood out for consistency, long innings, and match-defining knocks that reminded fans why Test cricket remains the ultimate format. Here's a detailed look at the **top five batsmen who scored the most runs in Test cricket in 2025**.

## 1. Joe Root (England)

Joe Root once again proved why he is regarded as one of the finest Test batters of the modern era. In 2025, Root displayed remarkable consistency, scoring heavily both at home and overseas. His ability to anchor innings while maintaining a healthy scoring rate made him England's most dependable run-getter. Root's composure under pressure and mastery against spin stood out throughout the year.

## 2. Kane Williamson (New Zealand)

Kane Williamson's elegance and precision were on full display in 2025. The New Zealand captain delivered several impactful innings, often rescuing his team from difficult situations. Williamson's strength against pace bowling and his calm approach in long innings helped him finish among the top run-scorers in Test cricket during the year.

## 3. Steve Smith (Australia)

Steve Smith continued to be a nightmare for bowlers in Test cricket. Known for his unorthodox technique and unmatched concentration, Smith enjoyed another productive year in 2025. His performances in high-profile series were crucial for Australia, particularly in challenging conditions where his experience made the difference.
