

Industrial Cable Connectors & Glands | Cabex India

Engineering excellence in cable management solutions for the toughest industrial environments

Why Choose Cabex India for Industrial Cable Connectors?

Global Presence

Trusted manufacturer serving Europe, UK, Australia, and Middle East with proven track record

Industrial-Grade Engineering

Products designed for harsh environments: manufacturing, construction, oil & gas, energy, and automation sectors

International Compliance

Meeting BS EN 62444, IEC 62444 standards with IP65/IP67/IP68 ratings

Our commitment to safety, durability, and operational continuity makes Cabex India the preferred choice for mission-critical industrial applications.

Key Features of Cabex Industrial Cable Glands & Connectors

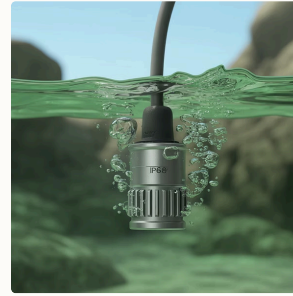

Premium Materials

Wide range including brass, stainless steel, nylon, and aluminium for superior corrosion resistance and strength

Versatile Threading

Multiple thread types (metric, NPT, PG, BSP) and extensive cable clamping ranges for universal compatibility

Maximum Protection

High ingress protection against dust, moisture, and chemicals with IP68 rated options available

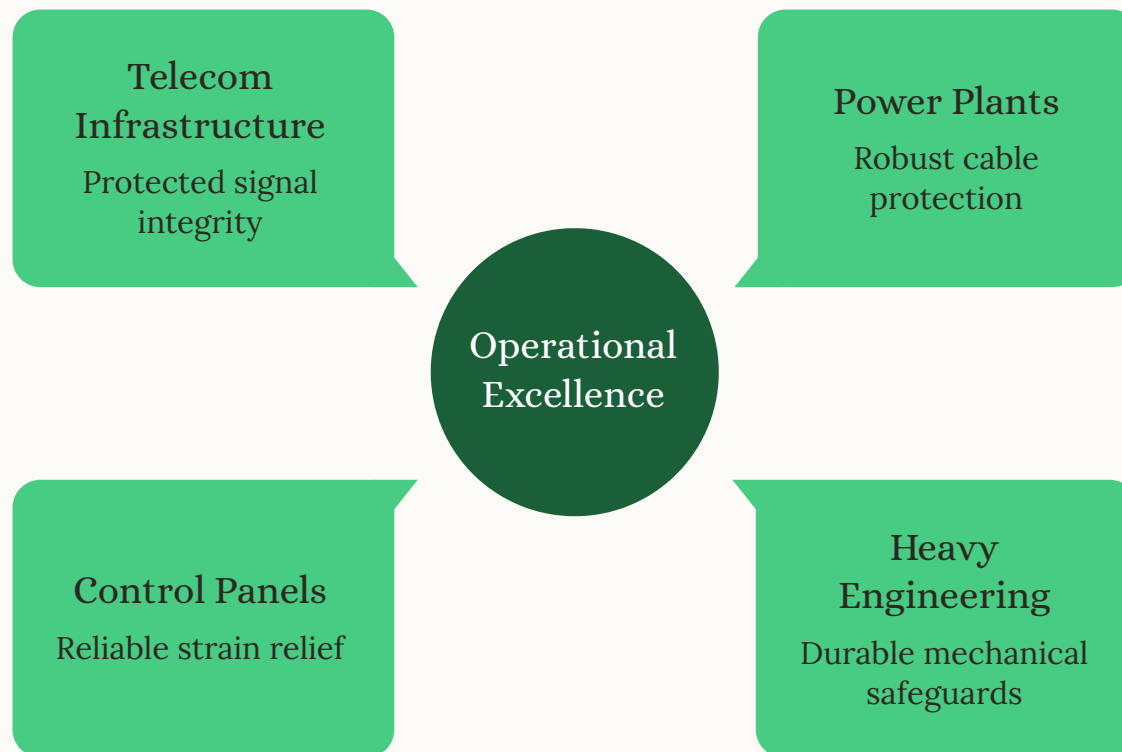

Secure Installation

Anti-vibration designs with serrated locknuts and sealing washers for reliable, long-lasting connections

- ❏ Complete cable management solutions with accessories including earth tags, locknuts, reducers, shrouds, and sealing washers

Applications & Benefits in Industrial Settings

Cable Protection

Safeguards against mechanical damage, environmental hazards, and electrical faults

Reliability Assurance

Ensures strain relief, grounding, and sealing to prevent costly downtime and maintenance

Enhanced Safety

Flame retardant, UV-resistant materials suitable for demanding indoor and outdoor applications

Code Compliance

Supports electrical safety regulations and reduces risk of failures in critical operations

Secure Your Industrial Connections with Cabex India

Unmatched Quality & Innovation

Experience world-class engineering backed by exceptional customer support

Tailor-Made Solutions

Custom configurations available to meet your specific industrial requirements

Global Reach, Local Support

Visit cabexindia.com to explore product catalogues and request bulk orders

Trust Cabex India for durable, safe, and efficient cable connectors and glands that keep your operations running strong.
