Varoskovic

Owner

Angela Wilson is co-owner of the

[Bio-One of Goodyear](#). Angela

was born and raised in London,

England moving to Phoenix,

Arizona in 1992, where she

raised two children and spent

over 25 years in the customer service industry. Having spent ten of those

years owning her own company in the automobile field she decided that she wanted to immerse herself further into her community in order to help those in their time of need. The compassion, dependability and accuracy that she developed through her various careers made her the perfect fit in an industry that many people don't know exist until they need it. Mick Varoskovic is co-owner of the [Bio-One of Goodyear](#). Mick, originally from Detroit, Michigan also moved to Phoenix, Arizona in 1992, and has over 30 years of experience working at two Fortune 500 companies, Federal Express and RE/MAX International. He has dealt with everyone from CEOs of major corporations to the regular person on the street, and after assisting in unattended death and hoarding situations, he made the decision to help his local communities in a greater capacity with Bio-One. Mick's true passion for helping others is evident in his professionalism and expertise for restoring client's properties back to their original condition.
