

IND vs ENG: What Happened Last Time India Faced England In T20 World Cup? India vs England Record In T20 WC

The India vs England rivalry in T20 cricket has produced some of the most thrilling contests in ICC tournaments. Whenever these two cricketing giants meet in the **ICC Men's T20 World Cup**, fans expect fireworks. But what happened the last time India faced England in a T20 World Cup? Let's revisit the clash and also explore the overall India vs England record in T20 WC history.

What Happened Last Time India Faced England In the T20 World Cup?

The most recent T20 World Cup meeting between **India national cricket team** and **England cricket team** took place in the semi-final of the **2022 ICC Men's T20 World Cup**.

India, led by Rohit Sharma, posted 168/6 in their 20 overs, thanks to a brilliant knock from Virat Kohli and a late flourish by Hardik Pandya. It was a competitive total on Australian pitches, and Indian fans hoped their bowlers would defend it.

However, England had other plans.

Openers Jos Buttler and Alex Hales produced a sensational batting display. The duo chased down the 169-run target without losing a wicket, finishing the match in just 16 overs. England won by 10 wickets in a dominant performance, knocking India out of the tournament. The defeat was a tough one for Team India, as they struggled to contain England's aggressive approach in the powerplay.

England eventually went on to lift the trophy, further highlighting how strong they were in that campaign.
